## 2. The Objective and Tasks of the Academic discipline

**The objective** of the discipline «Copywriting» is to provide theoretical knowledge and practical skills of creation of information materials in the field of advertising and public relations.

The tasks of the discipline:

• the development of *integral competency*: ability to perform complex specialized tasks in the field of journalism, which involves the application of the provisions and methods of social-communication and other sciences and is characterized by uncertainty of conditions for ensuring the effectiveness of communication activities;

• the development of *general competencies*:

GC 1 - ability to apply knowledge in professional activities.

GC 4 - ability to search, process and analyse information of different sources.

GC 5 - ability to apply information and communication technologies.

GC 11 - ability to communicate in Ukrainian.

GC 12 - ability to use a foreign language.

• the development of *professional competencies*:

**PC 1 -** ability to apply knowledge in the field of social communications in their professional activities.

PC 2 - ability to create information content.

**PC 3 -** ability to produce media, advertising and PR products to resolve tasks of external and internal communication.

#### The activities of students at the Centers of competencies:

center of modern communications.

According to the requirements of the present to modern education, and taking into account the peculiarities of the profession of specialist in advertising and public relations, the discipline «Copywriting» provides for the division of students into Ukrainian-speaking and English-speaking groups. The working language of studying the discipline «Copywriting» of the Ukrainian-speaking group is Ukrainian. The English-speaking group learns «Copywriting» during practical, module control and individual work in English. Lectures and credit of the English-speaking group are conducted using the Ukrainian language taking into consideration the peculiarities of student distribution when working with these forms of study.

#### **3.** The Results of the Discipline Study

Program Educational Results:

**PER-1** - to demonstrate production actions and operations on the basis of acquired knowledge.

PER-4 - to search, process and analyse information of different sources.

**PER-5** - to apply modern information and communication technologies and specialized software for resolving professional tasks.

**PER-11** - free communication in Ukrainian in speaking, writing and electronic forms for professional negotiations.

**PER-12** - free communication in a foreign language in speaking, writing and electronic forms for professional negotiations.

**PER-13** - to predict audience reaction on information product or information actions taking into account methods of social and communication sciences.

**PER-14** - to generate information content of certain theme using accessible and obligatory sources of information.

**PER-15** - to create effective media, advertising and PR products taking into account channels and platforms of distribution.

Upon completion of the discipline a student must:

- to know the place of copywriting in the system of advertising and public relations;
- to know the basic principles and technologies of copywriting in advertising and PR;
- to know rules of creative technologies;
- be able to analyze advertising and PR campaigns;
- be able to write advertising and PR texts (television, radio, press, outdoor advertising, internet, etc.);
- be able to promote own style of communication, to conduct public activities;
