

EDITORIAL BOARD

SCIENTIFIC JOURNAL

EUREKA: Life Sciences covers interdisciplinary areas of research in biology as the life science. Therefore, the authors in their materials should *emphasize areas of application* of their research, always *emphasizing the ability to attract knowledge from related scientific fields to the knowledge of living objects*.

The problems of the following areas:

- Agricultural and Biological Sciences
- Biochemistry, Genetics and Molecular Biology
- Environmental Science
- Immunology and Microbiology
- Neuroscience

EUREKA: Life Sciences

publishes 4 types of materials:

- review article,
- progress reports,
- full paper,
- research news: at the forefront of life science

EDITORS-IN-CHIEF
